M.K. Morse Metal Cutting Saws have a sturdy, heavy-duty feel as they cut through metal smoothly and with minimum effort. This saw was built to cut metal with a unique motor design that maintains torque and operates at the optimum RPM as the blade moves through steel, thin steel, aluminum and stainless steel. Morse Saw Advantages:

- Upper chamber collects virtually all chips
- Sure grip handles help steady saw during cutting
- Guide arrows and sight opening make it easier to position blade
- Morse saws include one Metal Devil®; Steel Cutting Blade

M.K. Morse CSM7MB

- 7" diameter metal-cutting saw
- Tool weight: 13 lb.
- 3,500 RPM
- Retracting blade guard
- 11.0 AMP motor

Only \$259- Click to Buy!

M.K. Morse CSM9MB

- 9" diameter metal-cutting saw
- Tool weight: 16 lb.
- 2,850 RPM
- Retracting blade guard
- 15.0 AMP motor

Only \$459.00 - Click to Buy!
