

About Tanner

Gerald M. Tannenbaum established Tanner Bolt & Nut Corp. in 1979. From an original staff of four, operating out of a small garage, Tanner has grown steadily over the past 27 years and has forged a solid reputation as a company that can be relied on for competitive pricing and outstanding customer service. We now occupy 25000 square feet of office and warehouse space in the heart of Brooklyn, New York.

No, we're not trained psychologists, but we pride ourselves on being "problem solvers". We are dedicated to making it easier for our customers to get through their workday, not having to waste time on problems that we can help solve quickly with a phone call or a mouse click.

One of our highest priorities is education. Our employees are trained in all facets of not only our particular business, but also in areas such as computer applications, business math and public speaking. Our management team makes themselves aware of the latest cutting edge information technology, upgrading our systems to make sure we keep pace in this fast and ever changing business world. Our commitment to seeking greater knowledge results in a direct benefit to our customers.

Simply put, Tanner Bolt & Nut Corp. is intent on supplying our customers with the best product, combined with quality service and competitive pricing. We promise that we will try to ensure that our customers have a satisfying and productive experience everytime they call our sales office or visit one of our websites.

We invite you to utilize our e-commerce website at www.tannerbolt.com to explore our complete product list featuring our security fasteners line.

If you have a custom need, can't find a product, or are facing a difficult problem in the field, we'd love to know about it and do our best to help. Please feel free to contact us or fill out our custom requests form and we'll get back to you at once.
